

JBOND Totan Securities Co.

Launched

Repo Trading Chat and Post Trade Service

July 15th, 2022

JBOND Totan Securities Co. launched a new chat and post-trade service specialized for repo trading.

This service (Michelle) offers the followings:

<<Chat>>

- You can easily quote and execute trades with brokers.

<<Post Trade>>

- Trade information will be automatically generated and send to users.
- API is disclosed and available. Once you set up STP, you do not need to manually write tickets.

<<Compliance>>

- You can obtain chat log which will make surveillance much easier.
- You can search words/numbers from chat log.
